Six Belgian, French and English project partners have worked together for almost three years to help businesses, business clusters and business parks in their transition to a low carbon economy. On the 4th of June 2014, they will share the concrete tips and ideas for saving energy within a company and reducing company's carbon emissions.

When

Wednesday, 4 June 2014

Venue

Greenbridge incubator, Wetenschapspark 1, B-8400 Ostend, Belgium

Target audience

Business leaders, local authorities, developers, architects and building services engineers, business park and estate managers, energy and environmental consultants, sustainability and climate

change practitioners.

The conference is a free event, but registration is necessary. The seminar will be held in Dutch and English, with French and English translation.

For more information, please visit the project website.
