

The European Community of Practice: Sectoral and Regional Strategies for Future Skills for IS and EE in the Industry Moderator: Clara Behrend – TU Dortmund

SPIRE-SAIS FINAL CONFERENCE, 23 MAY 2024

Open Coordination of the Rollout via Sectors and Regions

Common Topics

- Awareness for Industrial Symbiosis
- Transversal skills, soft skills AND technical skills (for resource management and collaboration)
- EU policies often evolve and change faster than training offers
- Recruitment and retention needs differ between sectors and regions
- Industrial Symbiosis is an opportunity
 - Challenge: replicate practices & apply valuable IS solutions
